# From wellbeing to beauty

Our skin differentiates us from each other and has almost unique characteristics. Its needs change with time, with the seasons, our age and our lifestyle.

And every day it is exposed to stress caused by environmental factors such as pollution, sunshine, wind, the use of make-up and endogenous factors such as hormonal changes. All of these can cause changes to our skin and the formation of imperfections.

The experts at Bioline Jatò have created a line of cosmetics and treatments designed to respond to the **four main skin imperfections**: dehydration, impurities, sensitivity and dryness.

LINEA+ takes the best of **nature** and **biotech research** to offer an effective response to today's consumers, who are attentive to the wellbeing and beauty of their skin from a young age.

The latest-generation active ingredients, used in their most active form and optimum concentration, are combined in four cutting-edge complexes, **Hydra - Pure - Repair - Vital Intensive Complex**, original blends that guarantee visible results and ultra-targeted action.

LINEA+ cosmetics also offer **maximum flexibility** in combining different products and lines for a **personalized treatment** tailored to the skin's many different needs.

In the salon, the **Bioline Jatò® System** is confirmed as a stand-out system that reinforces the professional skills of the esthetician and guarantees the **best performances** from the AQUA+ PURA+ DOLCE+ VITA+ professional treatments and the combined Caresse modeling massage.

The homecare products, used alongside professional treatments, **maximize and prolong the aesthetic results**.

AQUA+ PURA+ DOLCE+ VITA+

# Aqua+ Source of essential hydration

Re-establishes the skin's correct hydration level,  
preserving its natural functions

Dehydrated skin is dull and rough to the touch, often peels and tends to age before its time. AQUA+ restores the skin to its **natural hydric balance**, bringing immediate radiance and an intense sensation of fresh wellbeing to the face.

The heart of the line is the innovative **"Hydra Intensive Complex"**, a virtuous synergy of active ingredients that acts directly on the skin's architecture, both on the surface and below, improving the skin's capacity to create **water reserves**.

## Hydra Intensive Complex

### 3D HYALURONIC ACID

#### LONG LASTING HYDRATION

An innovative form of reticulated hyaluronic acid (3D cross linked) with **high-level hydrating power**, forms a surface film resistant against enzymatic degradation for long lasting hydration.

### LOW MOLECULAR WEIGHT HYALURONIC ACID

#### DEEP HYDRATION

Similar to a molecular sponge, this form of hyaluronic acid is able to store large quantities of water. Thanks to its reduced dimensions, it **penetrates the skin's layers**, hydrating and **improving the skin's elasticity**.

### GRADUAL WATER RELEASE PATCH

#### WATER RESERVE

The latest innovation in skin hydration, this **micro-network** gradually releases a **set of hydrating substances** into the heart of the stratum corneum, restoring the skin's moisture balance.

# Biotech Physcomitrella Extract

## HYDRATION & PROTECTION

Latest-generation active ingredient taken from the cells of the Physcomitrella patens moss using a **sustainable biotechnological process**. It boosts the skin's hydration and barrier function, reinforcing its **resistance and ability to adapt to environmental stress** and rapid climatic changes.

## Professional Products

# Pura+

## Regains the purity of the skin

Reduces t-zone shine and the visibility of dilated pores, offering the skin evenness

Impure skin appears shiny and **oily**, mostly in the **T zone**, and with **enlarged pores**. The excessive production of sebum, the pores blocked by sebum, the presence of dead cells and the effects of bacteria may cause impurities and imperfections.

PURA+ is the line dedicated to impure, combination and oily skin. The heart of the line is the innovative “**Pure Intensive Complex**”, a selection of active ingredients that helps to **normalize and purify the skin**, reducing the shine effect and the visibility of dilated pores, for a **fresh and even appearance**.

## Pure Intensive Complex

### GSE - GRAPEFRUIT SEED EXTRACT

#### DEEP AND DELICATE PURITY

Grapefruit seed extract, rich in **polyphenolic components**, helps to purify the skin. It reduces the look of **skin impurities**, respecting its natural defences.

### MATT-EFFECT POLYMER

#### SHINY SKIN UNDER CONTROL

It is a polymer of biotech origin, developed to improve the appearance of **oily skin**. It minimises the appearance of skin imperfections associated with **excess sebum, dilated pores and shiny T-zones**, restoring evenness to the skin.

### VEGETABLE EXTRACTS (SPIREA, PINEAPPLE, PINK AND VIOLET GRAPEFRUIT)

#### DERMO-PURIFYING SYNERGY

A selection of vegetable extracts with **soothing and purifying virtues** that helps to restore the skin's pH levels, promoting the **balance of the skin ecosystem**. The skin is visibly more even, rediscovering comfort and wellbeing.

# Iris, Vitamin A and Zinc Extract

## NORMALIZES, SOOTHES AND REGENERATES

Innovative functional complex with **multi-target action**. It combines the astringent and soothing action of Iris plant extract with the normalizing and regenerating properties of Vitamin A and Zinc. It **deeply purifies** the skin and **reduces imperfections**, minimizing the visibility of enlarged pores and shiny skin.

## Professional Products

# Dolce+

## Immediate relief for sensitive skin

Improves resistance against external agents,  
soothing the skin

Sensitive skin is **thin and reactive**,  
tending to age before its time.

DOLCE+ is a line that offers a gentle and  
targeted treatment for more fragile skin  
types.

The innovative “**Repair Intensive  
Complex**” is the pool of active  
ingredients designed especially for  
sensitive and delicate skin types, acting  
on the skin to **improve its resistance  
and tolerance against external agents**,  
restoring comfort and freshness.

## Repair Intensive Complex

### BLUEBERRY EXTRACT

#### PROTECTION OF SURFACE MICROCIRCULATION

An extract rich in anthocyanins, substances naturally found in blueberries, which protect and **reinforce the skin**, helping to improve and strengthening it.

### BLACKCURRANT EXTRACT

#### REINFORCEMENT OF SKIN BARRIER

A natural source of vitamin C, omega-3 and omega-6, blackcurrants have **important protective properties**, reinforcing the skin's defence barrier and helping to soothe it.

### ALOE VERA EXTRACT

#### HYDRATION AND PROTECTION

The high glycosaminoglycan content of the aloe extract creates a **protective film** on the skin, seeping water to the epidermis and keeping it **hydrated**, preventing water loss.

### CLEANSING

#### SUPERFICIAL CLEANSING

- Remove make-up with **Daily Ritual Gentle eye make-up remover biphasic**.
- Cleanse and tone face, neck and décolletè with the **Daily Ritual milk-cream or gel cleansing** and the **lotion refreshing** according to the skin type.

### DEEP CLEANSING

- Exfoliate with **Daily Ritual Exfo mask exfoliating** or **Daily Ritual Exfo scrub microgel** according to the skin type.

⚠ If **mask exfoliating** is used, with a brush apply 10-20 ml of product onto the neck and face and leave to rest for 4-8 minutes, depending on the skin type. Rinse well with warm water.

⚠ If **scrub microgel** is used, apply 5-10 ml of product and massage in a circular motion onto the face and neck, concentrating on the thicker zones. Rinse well with warm water.

- If necessary, proceed with steam and extraction phase.

🕒 10'

🕒 5'

#### IF EXTRACTION IS PERFORMED:

after extraction, apply 8 ml of **Daily Ritual Gentle cream equilibrium** as a pack onto the face and neck, soak tissues with **Daily Ritual lotion refreshing** according to skin type and create a pack in the same zone. Leave to rest for 10 minutes. Remove tissues and pat dry the face.

#### IF EXTRACTION IS NOT PERFORMED:

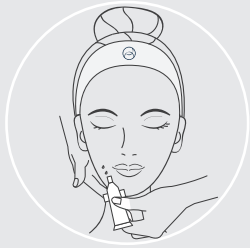

apply 5 ml of **Daily Ritual Gentle cream equilibrium** onto the face and neck (eventually leave to rest for 5 minutes) and massage until completely absorbed.

### BIOLINE JATÒ® SYSTEM - STEP 1

#### PREDISPOSING TO TREATMENT

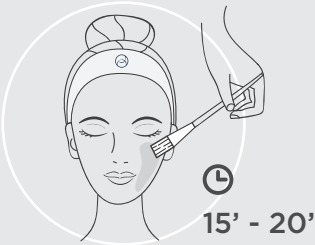

- Apply some **Bioaroma Relaxing EQL oil drops** and perform the **Face Beauty Experience - Relaxing Touch**.
- Apply a few drops of **Bioaroma Energy DRN oil** on the main lymph node stations and perform the **Face Beauty Experience - Draining Touch**.

## BIOLINE JATÒ® SYSTEM - STEP 2

### SPECIFIC TARGETED TREATMENT

- Apply the content of one phial of **AQUA+, PURA+, DOLCE+ or VITA+ nectar in drops** (according to the skin type) to the face, neck and neckline and briefly massage until absorbed.
- Apply with a brush 4-8 ml of the **AQUA+, PURA+, DOLCE+ or VITA+ cream** (according to skin type) to the neckline, neck and face and perform the **CARESSE modelling massage**.
- Using a brush, spread 1-2 ml of the **Daily Ritual Gentle cream-mask eye contour** onto the periocular zone.

- Apply 10-20 ml of the **AQUA+, PURA+, DOLCE+ or VITA+ mask** (according to skin type) to the face and neck.
- Leave it on for 15-20 minutes, then use plenty of warm water to rinse off the face mask without removing the **Daily Ritual Gentle cream-mask eye contour** from the periocular zone.

- Complete the treatment massaging the **Daily Ritual Gentle cream-mask eye contour** until completely absorbed and apply 1-2 ml of the **AQUA+, PURA+, DOLCE+ or VITA+ cream** (according to skin type) to the rest of the face and neck.

## BIOLINE JATÒ® SYSTEM - STEP 3

### ENHANCES AND PROLONGS THE RESULTS OF THE TREATMENT

- Carry out the **Face Beauty Experience-Firming Touch**.

## COMBINED USE OF LINEA+ PRODUCTS

For inconsistent skin types that present more than one blemish, (e.g. alipidic areas alternated with sensitive areas, etc.), the professional treatment can be personalised by selecting the formulas most suitable to treat each blemish.

The products, which work perfectly together, can be used in combination to offer an even more targeted and efficient treatment (e.g. application of AQUA+ mask intense moisturizer to dehydrated zones of the face, combined with the application of PURA+ mask normalizing to oily and impure zones).
