Organic

Certified organic products, which are kind to your skin and the environment

With **Therra Fusion**, we have been able to obtain formulas that are effective and organically-certified at the same time, thanks to the innovation of our production processes and our Research and Development.

Therra Fusion is an **ode to nature and science**, it is a line that combines the sustainability of organic elements with the effectiveness of biotechnological active substances for **products that are pleasant** to use, with **visible results** on the skin.

Along with **Superfoods**, which are natural substances with a high nutritional content, we have combined **Pre and Post-biotics** and innovative technologies such as **Molecular Bioliquefaction®** and **Hyperfermentation** to obtain formulas rich in bioavailable active substances that are therefore highly effective.

The products also maintain the **characteristic Bioline Jatò sensory feel**: the **100% naturally-derived fragrance** evokes the scent of meadows, earth and Arnica, a grass that is the symbol par excellence of the mountain. The **enveloping textures** blend instantly with the skin, leaving it soft and silky to the touch.

The entire Therra Fusion range is **COSMOS ORGANIC certified**. COSMOS is the main **international standard** for organic and natural cosmetics, a guarantee of the **quality and authenticity** of the products.

The formulas are also **100% vegan**, free from ingredients of animal origin.

With Therra Fusion, Bioline Jatò is committed to being kinder to the environment through its choice to use **recycled and recyclable packaging that is CO2 compensated** by joining the Zero Impact® Project by LifeGate. The paper is **recycled and FSC® certified, with low environmental impact certified Eco-Print® printing**, and any superfluous elements such as information leaflets and cellophane have been removed. Lastly, the amount of materials used inside the packaging has also been reduced.

The line and the professional treatment, characterized by the relaxing manual techniques of the **Therra Fusion massage**, are integrated with the **Bioline Jatò® System method**, which enhances the professionalism of the esthetician and enables the best performance of the products to be obtained, with personalized treatments and long-lasting results.

Two treatment paths, Hydrating and Pro-age, which are the result of the combination of professional treatments and home self-care, offer **instant and visible results**. The Hydrating Path increases **radiance and hydration**, while protecting the skin. The Pro-age Path reduces the first signs of aging and gives the skin **elasticity**.

The **homecare products** reinforce the effects of the professional treatments on a daily basis, prolonging the esthetic results over time.

Active Substances: a fusion of science and nature

Nature, with its biodiversity and its immense variety of plant species, has always been a **source of inspiration** for our products. It is from this heritage that we draw on, selecting botanical extracts, vegetable oils and aromatic waters.

We are also committed to the **continuous search for innovative technologies and sustainable production processes**, which are capable of transforming substances into more effective and safe functional principles to obtain sustainable, high-performing and cutting-edge products.

Super Food
SKIN-FRIENDLY FOODS

Fruits, berries, spices and seeds characterized by a high content of beneficial nutrients for the health and wellbeing of the skin and body: vitamins, mineral salts, amino acids and proteins

GINSENG - ADAPTOGEN AND ANTISTRESS

OUR GINSENG IS CERTIFIED ORGANIC.

It has been used in the East for centuries due to its **antioxidant, toning, energizing and restorative properties**. It strengthens the defenses of the immune system, reduces stress and fights premature aging. The active substances (saponins and ginsenosides) contained in the **Ginseng root** increase the skin's **elasticity and hydration**.

The term "adaptogen" defines the action of certain plants, such as Ginseng, which are capable of increasing the body's resistance to various forms of stress (physical, chemical and biological).

GOJI BERRIES - VITAMINIZING

OUR GOJI BERRIES ARE CERTIFIED ORGANIC.

Characterized by their bright red color, they originate from the East and their properties have been recognized for hundreds of years.

These berries, which are **very rich in vitamins, minerals** (such as iron and potassium), and omega 3 and omega 6 fatty acids, are an essential nourishment to keep the **skin young**, delaying its premature aging.

GREEN TEA - ANTIOXIDANT

OUR GREEN TEA IS CERTIFIED ORGANIC.

Green Tea is obtained from the buds and young leaves of the plant known as *Camellia sinensis*, which is native to China, Tibet and Northern India. The main constituents of Green Tea are numerous **vitamins**, microelements such as zinc and iron and, most importantly, catechins, which are **polyphenols** characterized by a **powerful antioxidant action**.

BLACKCURRANT - PROTECTIVE

OUR BLACKCURRANT IS CERTIFIED ORGANIC.

It is best known for its **fruits**: small **black berries** that are **rich in seeds**. Originally spread in Europe and Asia, Blackcurrant has always been used for its **toning and invigorating**, as well as **antioxidant**, properties.

The fruits are rich in **vitamin C**, which, together with the high content of flavonoids, strengthens their **antioxidant** capacity.

Pre & Post-Biotics

REBALANCING THE SKIN MICROBIOTA

An integral part of our skin, the microbiota is invisible, yet powerful. It strengthens the integrity of the epidermal barrier and the activity of the skin's immune system.

GINGER, INCENSE AND GRAPE COMPLEX

Rebalances, calms and purifies

An innovative prebiotic complex that helps to **rebalance the cutaneous microbiota, calms and reduces the look of skin redness, purifies and minimizes** the look of impurities. This active substance is gentle, yet extremely effective at the same time, as it does not alter the physiological conditions of the skin, helping it to regain the optimal state of wellbeing.

PLANTS USED:

- Ginger Roots (Zingiber officinale)
- Incense (Boswellia serrata resin)
- Grape (Vitis vinifera)

TECHNOLOGY:

- Molecular Bioliquefaction®

HYPERFERMENTED MYRTLE AND LENTISK

Boosts the skin's defenses on multiple levels

Our Hyperfermentate is obtained from the leaves of Myrtle and Lentisk, harvested in **Sardinia** and treated with the exclusive **Hyperfermentation Technology** to enhance its **effectiveness**.

It increases the skin's **antioxidant** defenses, boosts the microbiota (**post-biotic**), stimulates the production of the **hydrolipidic film** and promotes **skin hydration**.

PLANTS USED:

- Myrtle (of Sardinian origin - Italy)
- Lentisk (of Sardinian origin - Italy)

TECHNOLOGY:

- Hyperfermentation

Blue Light

DAILY DEFENSE FROM DIGITAL AGING

Blue Light, which is also emitted by the sun, but predominantly by digital devices, is considered one of the main causes of "digital aging", i.e. skin aging resulting from overexposure to this radiation.

MULLEIN EXTRACT

Brightens the skin and protects from the damages due to UV and Blue Light

Mullein extract is the first active substance for cosmetics based on the **photoluminescence** of plants, i.e. the emission of visible light caused by high-energy UV radiation.

Mullein flowers "capture" the UV rays and Blue Light, transforming them into visible light to appear brighter and therefore more visible to pollinating insects.

This precious active substance, which is extracted from Mediterranean mullein flowers through the innovative **Molecular Bioliquefaction® Technology**, protects the skin giving it a **brighter, younger and healthier appearance**.

PLANTS USED:

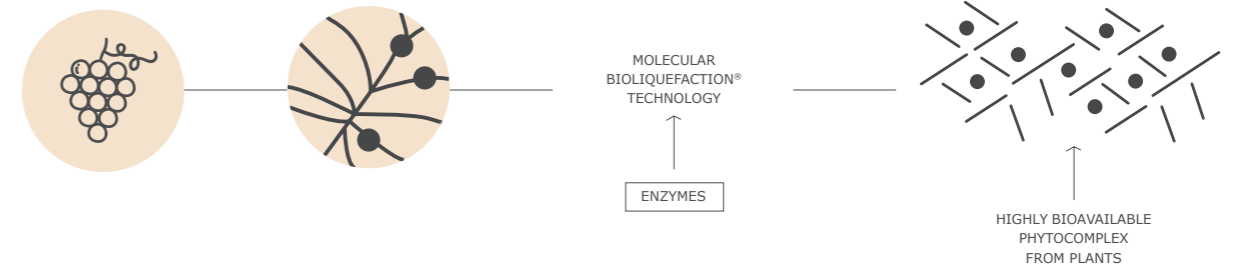

- Mediterranean Mullein flowers

TECHNOLOGY:

- Molecular Bioliquefaction®

Innovative and sustainable technologies

MOLECULAR BIOLIQUEFACTION®

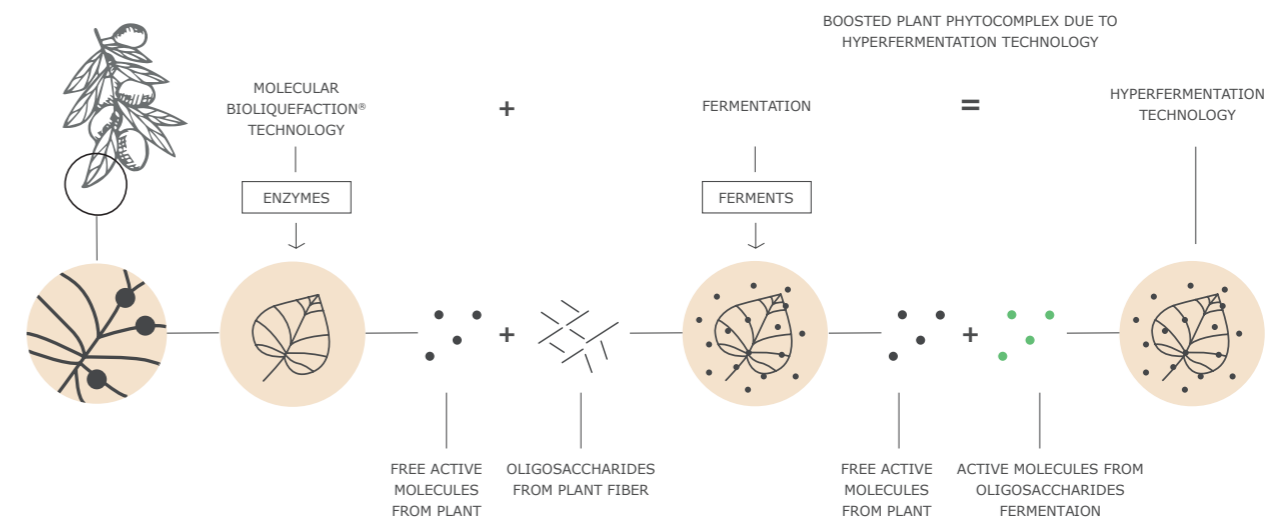

Molecular Bioliquefaction® Technology was developed to overcome the limitations of conventional extraction technologies. Through a combination of **multiple enzymatic treatments**, it allows all the different molecules that make up the phytocomplex of a plant to be extracted.

Molecular Bioliquefaction® Technology, a patented and **sustainable** process, enables **phytocomplexes rich** in extremely complete and bioavailable active substances to be obtained, which are therefore **highly effective**.

Plants contain, in the various parts (leaves, roots, flowers ...), a set of active substances (sugars, vitamins, proteins ...), called Phytocomplex, which is responsible for the functional properties of the plant (eg moisturizers, antioxidants,...).

HYPERFERMENTATION

For thousands of years, fermentation has been a method of transforming food, increasing its nutritional value and improving its conservation.

This **millennia-old experience**, which is typical of the Mediterranean area, combined with **the most recent biotechnologies**, has made it possible to develop an important production process whereby the **phytocomplex**, obtained through Molecular Bioliquefaction®, **is enhanced** through Hyperfermentation, transforming the fibers, which are otherwise unusable, into new active substances that enrich it.

Professional Products

THE ENTIRE RANGE OF THERRA FUSION PROFESSIONAL PRODUCTS IS COSMOS ORGANIC CERTIFIED.

EACH FORMULA IS CHARACTERIZED BY THE HIGH PERCENTAGE OF NATURAL AND ORGANIC INGREDIENTS.

The COSMOS standard (ORGANIC and NATURAL) is the main international standard for the certification of organic cosmetic and natural products.

MASK DOUBLE CLEANSING

200 ml / 6.7 fl.oz US
with White Clay and Ginger
for smooth and radiant skin

Multifunctional cleanser for the face, neck and décolleté. Removes make-up, impurities, pollution and excess sebum, respecting the skin's natural protective barrier. It cleanses like a **cleansing cream**, deeply purifies like a **mask** and gently exfoliates like a **scrub**, thanks to the sebum-absorbing and smoothing properties of the white clay.

99.15% naturally-derived ingredients
13.26% organically-farmed ingredients

FACE MIST TRIPLE PROTECTION

200 ml / 6.7 fl.oz US
with Mullein and Cornflower
specific for Blue Light, indoor and outdoor pollution (smog, dust, smoke). For rebalanced, hydrated and protected skin

A refreshing aromatic water, with a delicate cornflower scent, that **rebalances the pH and protects** the skin from pollution in the urban and domestic environment. Ideal for daily defense against oxidative stress caused by the Blue Light emitted by electronic devices. It tones, **moisturizes and gives** instant **comfort** to the face, neck and décolleté.

98.98% naturally-derived ingredients
20.78% organically-farmed ingredients

MULTI-ACTIVE SERUM FACE AND EYE PRO-AGE / VITALIZING EFFECT

10 X 5 ml / 10 X 0.16 fl.oz US
With Blueberry, Hyperfermented Myrtle and Lentisk, and Hyaluronic Acid
for hydrated and toned skin

Strengthens the integrity of the skin barrier, **regenerates and hydrates deeply**. The skin is revitalized and visibly more toned and smooth. The even-looking complexion glows with renewed radiance.

99.15% naturally-derived ingredients
20.08% organically-farmed ingredients

RED MASK VITAMINIC CONCENTRATE

200 ml / 6.7 fl.oz US
with Goji Berries and Rosehip
for a firmer and revitalized look

A **revitalizing** mask with a jelly consistency and a delicate scent of wild berries. A superfood concentrate that nourishes and hydrates the skin, recharging it with vitality and wellbeing. A powerful treatment for the face, neck and décolleté that completely **restructures** and regenerates the epidermis.

100% naturally-derived ingredients
78.64% organically-farmed ingredients

MOISTURIZING CREAM INTENSIVE FORMULA

200 ml / 6.7 fl.oz US
with Aloe and Ginseng
for deeply hydrated, protected and strengthened skin

Provides **instant hydration** to the skin, maintaining it over time. Preserves the balance of the hydrolipidic film, **protects** the skin and increases its resistance to environmental and oxidative stress.

99.55% naturally-derived ingredients
20.05% organically-farmed ingredients

THERRA FUSION

Professional Treatment

CLEANSING SUPERFICIAL AND DEEP CLEANSING

- Perform a cleansing pack with the **Mask Double Cleansing**. Apply with a brush 8 to 10 ml of product in an even layer on the face, neck and décolleté. Leave on for 5 minutes, massage then rinse.
- Tone by vaporizing the **Face Mist Triple Protection** and tap with your fingertips to help absorption.

! If you carry out the squeezing, proceed with a soothing compress using the **Face Mist Triple Protection**. Leave on for 5-10 minutes.

BIOLINE JATÒ® SYSTEM - STEP 1 PREDISPOSING TO TREATMENT

- Carry out the **Face Beauty Experience - Relaxing Touch**.

! The purpose of the FBE - Relaxing Touch is to prepare the client for a greater state of relaxation, relieving muscle tension and oxygenating the tissues.

- Carry out the **Face Beauty Experience - Draining Touch**.

! This type of manoeuvres promotes the absorption of the active substances contained in the products. The gentle pumping on the main lymphatic ganglia helps to promote the skin microcirculation, in order to oxygenate the tissues and stimulate the skin functions.

BIOLINE JATÒ® SYSTEM - STEP 2 SPECIFIC TREATMENT

- Apply the contents of a vial of **Multi-Active Serum Face and Eye Pro-Age / Vitalizing Effect** on the eye contour, face, neck and décolleté. Massage until completely absorbed and finish with a pneumatic massage.
- ! Continue with the most suitable program based on the skin type and/or age.

HYDRATING PATH

- Apply onto the face, neck and décolleté 5 ml of **Red Mask Vitaminc Concentrate**. Leave on for 5 -10 minutes and rinse with plenty of lukewarm water.
- Apply 1 to 2 ml of **Moisturizing Cream Intensive Formula** on the face, neck and décolleté, and massage until completely absorbed.

PRO-AGE PATH

- Apply 4 to 8 ml of **Moisturizing Cream Intensive Formula** on the face, neck and décolleté and perform the **Therra Fusion massage**.
- Apply onto the face, neck and décolleté 10 ml of **Red Mask Vitaminc Concentrate**. Leave on for 10 -15 minutes, massage then rinse with plenty of lukewarm water.
- Apply 1 to 2 ml of **Moisturizing Cream Intensive Formula** on the face, neck and décolleté and massage until absorbed.

- Tone by vaporizing the **Face Mist Triple Protection** and tap with your fingertips to help absorption.

! When sprayed at the end of the treatment, it acts as a protective shield against Blue Light, and indoor and outdoor pollution.

BIOLINE JATÒ® SYSTEM - STEP 3 ENHANCES AND PROLONGS THE RESULTS OF THE TREATMENT

- Carry out the **Face Beauty Experience - Firming Touch**.

! The acupressures, performed on specific points of the face, carry out a toning and stimulating activity on the facial mimic muscles.

Bioline Jatò® System

+

THERRA FUSION MASSAGGE

Therra Fusion Massage

A specific massage characterized by relaxing and enveloping manoeuvres, which are performed by treating the two sides of the face separately, keeping one hand on the forehead. Repeat each manoeuvre at least five times.

On the side of the massage table, keeping a hand on the forehead, perform the following manoeuvres massaging the opposite side of the face:

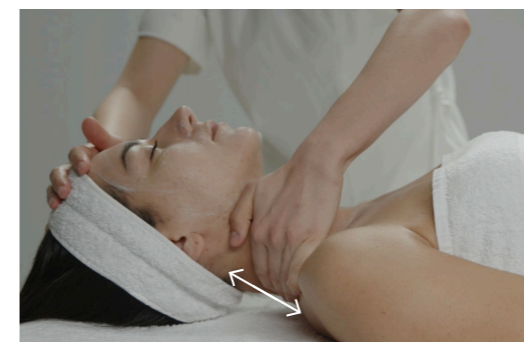

01

Stroke forwards and backwards on the décolleté, from one shoulder to the other

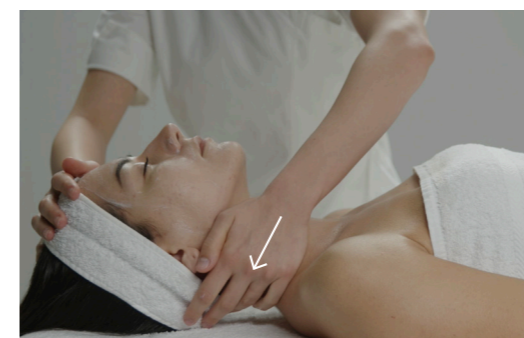

02

Definition of the shoulder using the fingertips and fingers

03

Friction forwards and backwards on the trapezium and neck

04

Outward movements on the neck with a full hand

**05**

Definition of the facial contour, mainly using the fingers

**06**

Definition of the cheekbone, mainly using the fingers

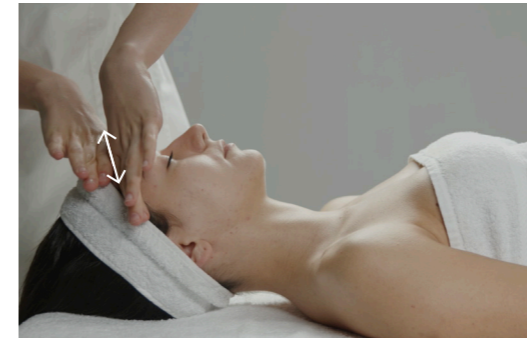

**07**

Circles with the fingertips on the temple up to the middle of the forehead

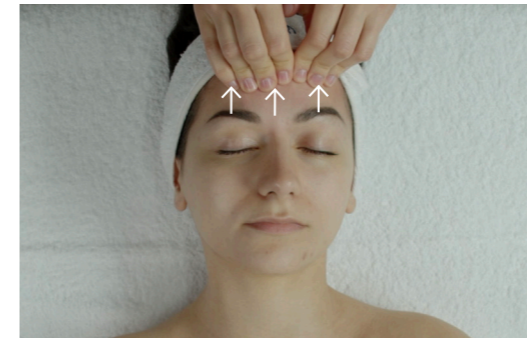

**08**

Little circles with the thenar, treating half of the forehead

REPEAT THE MOVEMENTS ON THE OTHER SIDE

**09**

Forehead twisting with two hands

**10**

Raking movement on the forehead, from the eyebrows to the hairline, and from temple to temple

**11**

Prayer-like hand movement on the forehead, closing with stroking on the décolleté, shoulders and neck

Homecare Products

THE ENTIRE RANGE OF THERRA FUSION HOMECARE PRODUCTS IS COSMOS ORGANIC CERTIFIED.
EACH FORMULA IS CHARACTERIZED BY THE HIGH PERCENTAGE OF NATURAL AND ORGANIC INGREDIENTS.

The COSMOS standard is guided by four fundamental principles:

- Promotion of the use of products from **organic farming** with respect for **biodiversity**.
- Use of **natural resources** responsibly, **respecting the environment**.
- Use of **clean processes and production methods** that respect human health and the environment.
- Integration and development of the concept of **"green chemistry"**.

MASK DOUBLE CLEANSING

100 ml / 3.3 fl.oz US

with White Clay and Ginger
for smooth and radiant skin

Multifunctional cleanser for the face, neck and décolleté. Removes make-up, impurities, pollution and excess sebum, respecting the skin's natural protective barrier. When applied as a **mask** and left on, it **deeply exfoliates and purifies** the skin thanks to the smoothing and sebum-absorbing properties of the white clay. The face instantly looks radiant, extraordinarily soft and even.

Morning and evening: massage over the face, neck and décolleté, then rinse.

For deeper cleansing: 1-2 times a week, apply evenly on clean skin. Leave on for 10 minutes, then rinse.

99.15% naturally-derived ingredients
13.26% organically-farmed ingredients

FACE MIST TRIPLE PROTECTION

100 ml / 3.3 fl.oz US

with Mullein and Cornflower
specific for blue light, indoor and outdoor pollution

Inspired by the photoluminescence of plants, it **protects, tones, hydrates and gives instant comfort** to the face, neck and décolleté. A revitalizing beauty water, which is light like a lotion and concentrated like a serum, ideal for daily defense from external aggressions and oxidative stress. Perfect **at any time of the day** and on the go. Suitable for **all skin types**.

Close your eyes and spray on your face, neck and décolleté at a distance of about 20 cm.

Apply morning and evening after cleansing, before your specific serum and cream, and/or on top of make-up. For better protection, apply repeatedly throughout the day.

98.98% naturally-derived ingredients
20.78% organically-farmed ingredients

Focus: specifically for Blue Light, and indoor and outdoor pollution

The continuous overexposure to digital devices (PCs, tablets, mobile phones ...) that emit blue light creates oxidative stress on our skin, helping to accelerate the aging process.

Furthermore, domestic pollution caused by heating, air conditioning, furnishing materials, paints and detergents, together with urban pollution, can have a significant impact on the air and therefore on our skin.

The result is an increase in free radicals and the activation of metalloproteinases that degrade the collagen and elastic fibers. Day after day, the skin becomes increasingly dull, dehydrated and wrinkled.

MULTI-ACTIVE SERUM FACE AND EYE PRO-AGE VITALIZING EFFECT

30 ml / 1.0 fl.oz US

With Blueberry, Hyperfermented Myrtle and Lentisk
for hydrated, revitalized and toned skin

Multi-active serum specifically designed for the **face and eye contour**, enriched with a superfood concentrate. Strengthens the integrity of the skin barrier, **regenerates and hydrates deeply**. The skin is revitalized and visibly more toned and smooth. The even-looking complexion glows with renewed radiance.

Apply in the morning and evening, before your specific cream, onto a perfectly cleansed eye contour, face, neck and décolleté, and massage gently.

99.15% naturally-derived ingredients
20.08% organically-farmed ingredients

MOISTURIZING CREAM MULTILEVEL PROTECTION

50 ml / 1.69 fl.oz US

with Aloe and Ginseng
for glowing and instantly hydrated skin

Cream with a lightweight texture for the face, neck and décolleté. Provides **instant hydration** to the skin, maintaining it over time. Preserves the hydrolipidic film balance, **protects** and increases the skin's resistance to environmental and oxidative stress.

Apply in the morning and/or evening, after your specific serum, onto the face, neck and décolleté. Massage until completely absorbed.

99.55% naturally-derived ingredients
20.05% organically-farmed ingredients

REGENERATING CREAM PRO-AGE REJUVENATING EFFECT

50 ml / 1.69 fl.oz US

with Shea Butter, Hyperfermented Myrtle and Lentisk
wrinkles and signs of aging visibly reduced

Cream with a rich texture for the face, neck and décolleté. **Nourishes** the skin, without weighing it down, and reactivates a **deep regeneration**. Prevents and reduces the **visibility of wrinkles** and signs of aging. Formula enhanced by Hyperfermentation technology.

Apply in the morning and/or evening, after your specific serum, onto the face, neck and décolleté. Massage until completely absorbed.

99.54% naturally-derived ingredients
22.13% organically-farmed ingredients

CREAM-MASK VITAMINIC PLUMPING EFFECT

50 ml / 1.69 fl.oz US

with Goji Berries and Forest Fruits
for nourished, firm and radiant skin

A cream with an innovative texture that promotes a powerful **restructuring and regenerating** treatment of the epidermis. A concentrate of vitamin superfoods that **plumps** the skin, giving it a firm and radiant appearance.

Apply in the evening, after your specific serum, onto the face, neck and décolleté. Massage until completely absorbed. As a mask, apply 1-2 times a week in an even layer on cleansed face, neck and décolleté. Leave on for 15-20 minutes, then dab off or rinse.

100% naturally-derived ingredients
78.62% organically-farmed ingredients

The Bioline Jatò suggestion

WARNING

These are cosmetic products for professional use and it is therefore important to strictly follow the instructions shown here. The esthetician is required to inform the consumer about the message contained in the precautions and warnings. Before you use the products, it is recommended to check the list of ingredients to be sure you are not allergic or intolerant to any of them. People who are especially sensitive are recommended to carry out the tolerance test, which consists of applying the product on their forearm and covering it with a plaster for 24 hours. Pay attention when carrying out the treatment on pregnant individuals. After applying the product, be sure to properly close the packaging and store at room temperature in a dry place and away from sunlight and heat sources. Avoid mixing with different substances not required by the specific instructions. External use. Avoid contact with eyes, mucous membranes and broken or irritated skin or skin affected by medical conditions. In case of contact with eyes, rinse with plenty of running water. Not hazardous under normal conditions of use. Do not swallow. Keep out of reach of children.

THE NATURALNESS OF THE FORMULAS MAY CAUSE SLIGHT CHANGES IN COLOR , ODOR AND/OR VISCOSITY THAT DO NOT AFFECT THE PRODUCT'S ESTHETIC FUNCTIONALITY IN ANY WAY.

WHO THE TREATMENT IS FOR

THERRA FUSION has two action targets: a hydrating action aimed at providing moisture and preventing skin aging and a pro-aging action aimed at slowing down and reducing the visibility of signs of aging.

The line also soothes and protects the skin from the aggressions of the external environment, reinforcing its natural defense barriers.

WHEN TO DO THE TREATMENT

- At any time of the year, combined with all Bioline Jatò treatments.
- Once in a while, to give new energy and vitality to the tissues and an instant radiance to the skin.

TREATMENT DURATION AND FREQUENCY

- **FOR INTENSIVE ACTION:** 4 treatments close to one another (1- 2 treatments per week)
- **AS PREVENTION:** 1 treatment every 2 weeks for 4 sessions.
- **FOR MAINTENANCE:** 2-3 sessions per year.

- ! The complete cycle of sessions can be repeated several times at any time of the year.

THE IMPORTANCE OF HOMECARE PRODUCTS

Constant use of the Therra Fusion line homecare products is fundamental to strengthen the results obtained in the beauty salon.
