THERRA FUSION

An innovative proposal of effective and certified organic formulas that respect the natural balance of the skin, the environment and those around us.

Terra Fusion is an **ode to nature and science**, it is a line that combines the sustainability of organic elements with the effectiveness of biotechnological active substances for products that are **pleasant to use and with instant results**.

The effectiveness of a certified organic line

Two specific treatment paths, Hydrating and Pro-age, offer **instant and visible results** to dehydrated and dull skin, with first wrinkles, expression lines and loss of tone.

Clinical tests conducted on the two paths demonstrate the **effectiveness** of Therra Fusion.

The exclusive **Bioline Jatò System**, a working method developed through over 40 years of experience, ensures the best product performance and the customization of the treatments, for lasting results and a rewarding experience.

Active substances: a fusion of science and nature

Nature, with its **biodiversity** and its immense variety of plant species, has always been a **source of inspiration** for our products.

We are also committed to the **continuous search for innovative technologies and sustainable production processes**, which are capable of transforming substances into more effective and safe functional principles to obtain sustainable, high-performing and cutting-edge products.

Superfoods

SKIN-FRIENDLY FOODS

Fruits, berries, spices and seeds characterized by a high content of beneficial nutrients for the health and wellbeing of the skin and body: vitamins, mineral salts, amino acids and proteins.

GINSENG - ADAPTOGEN AND ANTISTRESS

OUR GINSENG IS CERTIFIED ORGANIC.

Used for centuries in the East for its **antioxidant, tonic, energizing and restorative properties**. It strengthens the defenses of the immune system, reduces stress and fights premature aging.

The active substances (saponins and ginsenosides) contained in the **Ginseng root** increase skin's **elasticity** and **hydration**.

The term "adaptogen" defines the action of certain plants, such as Ginseng, which are capable of increasing the body's resistance to various forms of stress (physical, chemical and biological).

Pre & Post-Biotics

REBALANCING THE SKIN MICROBIOTA

An integral part of our skin, the microbiota is invisible yet powerful. It strengthens the integrity of the epidermal barrier and the activity of the skin's immune system.

GINGER, INCENSE AND GRAPE COMPLEX

Rebalances, calms and purifies

An innovative prebiotic complex that helps to rebalance the cutaneous microbiota, calms and reduces the look of skin redness, purifies and minimizes the look of impurities.

PLANTS USED:

- Ginger roots (Zingiber officinale)
- Incense (Boswellia serrata resin)
- Grape (Vitis vinifera)

TECHNOLOGY:

- Molecular Bioliquefaction*

HYPERFERMENTED MYRTLE AND LENTISK

Boosts the skin's defenses on multiple levels

Our Hyperfermentate is obtained from the leaves of Myrtle and Lentisk, harvested in Sardinia and treated with the exclusive **Hyperfermentation Technology** to enhance its effectiveness. It increases the skin's antioxidant defenses, boosts the microbiota (**post-biotic**), stimulates the production of the **hydrolipidic film** and promotes skin hydration.

PLANTS USED:

- Myrtle (of Sardinian origin - Italy)
- Lentisk (of Sardinian origin - Italy)

TECHNOLOGY:

- Hyperfermentation

Blue Light

DAILY PROTECTION FROM DIGITAL AGING

Blue light, which is also emitted by the sun, but predominantly by digital devices, is considered one of the main causes of "digital aging", i.e. skin aging resulting from overexposure to this radiation.

MULLEIN EXTRACT

Brightens the skin and protects from the damages due to UV and Blue Light

Mullein extract is the first active substance for cosmetics based on the photoluminescence of plants, i.e. the emission of visible light caused by high-energy UV radiation. This precious active substance, which is extracted from Mediterranean mullein flowers through the innovative **Molecular Bioliquefaction*** Technology, protects the skin, giving it a **brighter, younger and healthier appearance**.

PLANT USED:

- Mediterranean Mullein flowers

TECHNOLOGY:

- Molecular Bioliquefaction*

BIOLINE JATÒ

MASK

DOUBLE CLEANSING - 100 ml / 3.3 fl.oz US

with White Clay and Ginger
for smooth and radiant skin

Multifunctional cleanser for the face, neck and décolleté. Removes make-up, impurities, pollution and excess sebum, respecting the skin's natural protective barrier. When applied as a **mask** and left on, it **deeply exfoliates and purifies** the skin thanks to the smoothing and sebum-absorbing properties of the white clay. The face instantly looks radiant, extraordinarily soft and even.

Morning and evening: massage over the face, neck and décolleté, then rinse. For deeper cleaning: 1-2 times a week, apply evenly on clean skin. Leave on for 10 minutes, then rinse.

99.15 % naturally-derived ingredients
13.26 % organically-farmed ingredients

FACE MIST

TRIPLE PROTECTION - 100 ml / 3.3 fl.oz US

with Mullein and Cornflower
specific for blue light, indoor and outdoor pollution

Inspired by the photoluminescence of plants, it **protects, tones, hydrates and gives instant comfort** to the face, neck and décolleté. A revitalizing beauty water, which is light like a lotion and concentrated like a serum, ideal for daily defense from external aggressions and oxidative stress. Perfect at **any time of the day** and on the go. Suitable for **all skin types**.

Close your eyes and spray on your face, neck and décolleté at a distance of about 20 cm. Apply morning and evening after cleansing, before your specific serum and cream, and/or on top of make-up. For better protection, apply repeatedly throughout the day.

98.98 % naturally-derived ingredients
20.78 % organically-farmed ingredients

MULTI-ACTIVE SERUM

FACE AND EYE PRO-AGE VITALIZING EFFECT - 30 ml / 1.0 fl.oz US

with Blueberry, Hyperfermented Myrtle and Lentisk
for hydrated, revitalized and toned skin

Multi-active serum specifically designed for the **face and eye contour**, enriched with a superfood concentrate. Strengthens the integrity of the skin barrier, **regenerates and hydrates deeply**. The skin is revitalized and visibly more toned and smooth. The even-looking complexion glows with renewed radiance.

Apply in the morning and evening, before your specific cream, onto a perfectly cleansed eye contour, face, neck and décolleté, and massage gently.
