ANTI-OX POWER EXPOSOME DEFENSE

The skin is our own diary. Every mark and blemish silently tells the story of what we experience: our lifestyle, the environment that surrounds us and the emotions we feel. These factors, which science traces back to the **exposome** and **epigenetic stimuli**, **contribute to accelerating skin aging**, sometimes in an indelible way.

For over 45 years, Biorline Jatò has been committed to promoting skin health and beauty by combining scientific research with innovation. Today, **it writes a new chapter focused to Skin Longevity.** The goal is not only to reduce the visible signs of skin aging, but also to focus on the deepest biological processes.

To achieve this, Biorline Jatò has developed its own **Skin Regeneration system.** It brings together cosmetological research and longevity science to offer treatments capable not only of improving the skin's appearance, but also of **preserving its vitality, resilience and youth over time.**

The result of this forward-looking approach is **the Supreme C3 Skin Regeneration line.** Scientifically advanced and clinically tested, **it targets the effects of the exposome and epigenetic stimuli in a precise and customized way.**

Its effectiveness is captured in its name and exclusive formulations, which combine: **3 next-generation antioxidants, 3 advanced forms of highly concentrated,** stable and bioavailable **Vitamin C** and **3 Intelligent Delivery Systems** that ensure a targeted, controlled and prolonged release of the antioxidant pool.

The formula is completed by a **Pro-Collagen Bioactive Peptide** that strengthens the skin's structure, improving tone and firmness.

This exclusive formula makes **Supreme C3 Skin Regeneration the new frontier of Skin Longevity**, capable of rewriting the destiny of every skin type. Every day.

DESIGNED FOR THOSE WHO DELIVER VALUE, CHOSEN BY THOSE WHO SEEK RESULTS

For beauty professionals, choosing SUPREME C3 SKIN REGENERATION is an opportunity to reinforce their role as expert and reliable partners in managing skin aging concerns, offering advanced and customized solutions.

For consumers, increasingly attentive and well-informed, SUPREME C3 SKIN REGENERATION represents a tangible answer to the desire to keep the skin youthful and healthy, thanks to a more conscious approach that embraces a deeper and longer-lasting beauty.

Clinically tested effectiveness¹

Up to **100%**of users confirmed LESS VISIBLE WRINKLES AND FIRMER SKIN²

Up to **95%** of users confirmed LESS VISIBLE EYE COUNTOUR WRINKLES AND BRIGHTER SKIN³

90% of users confirmed MORE RADIANT SKIN FROM THE FIRST APPLICATION⁴

85% of users confirmed MORE PROTECTED AND RESCTRUCTURED SKIN⁴

95% of users confirmed MORE EVEN AND SMOOTHER SKIN⁴

100% of users confirmed MORE ELASTIC, HYDRATED AND FIRMER SKIN⁴

Skin Regeneration

the new era of skin longevity

by *Bioline Jato*'

In recent years, advances in scientific research have expanded our understanding of the mechanisms underlying skin aging, **leading to a true evolution of the skin longevity concept.** Today, the focus is no longer only on 'correcting' the visible signs of time, **but on actively preventing and protecting against the biological processes that drive aging^{1,2}.**

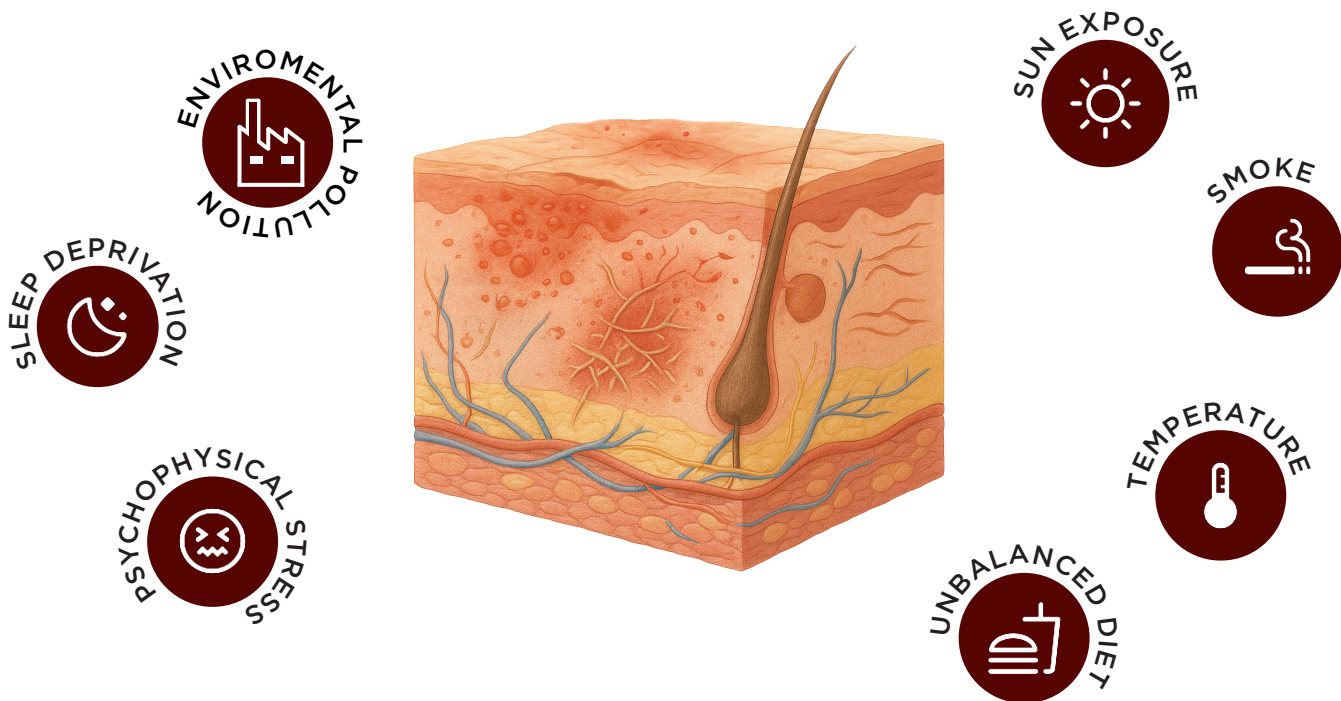

This broader approach, aimed at **Skin Longevity**, focuses on:

- keeping the skin **youthful, healthy and functional**, for as long as possible;
- **intervening early** in the biological mechanisms of aging;
- **supporting the skin's vital functions** over time.

Exposome and epigenetic stimuli: effects on the skin

Skin aging is not caused only by the time passing by. **Numerous factors, day after day, leave visible marks on the skin**, affecting its beauty and health. Science refers to these as the **exposome³ and epigenetic stimuli**. These terms encompass all environmental and behavioral factors to which the skin is exposed throughout a person's life.

Together with genetic factors, they can have a **significant impact on the skin's health and appearance⁴**, contributing to accelerated aging through loss of tone and elasticity, as well as the formation of wrinkles and spots. This is why biological age does not always correspond to chronological age and why we do not all age in the same way.

HOW THE EXPOSOME AND EPIGENETIC STIMULI ACT:

- Increase production of free radicals, responsible for oxidative stress.
- Damage protein structures, such as collagen and elastin, caused by sugars (glycation).
- Promote inflammatory process, which can become chronic.

SUPREME C3 SKIN REGENERATION: HIGH-PERFORMANCE SYNERGY

In the Supreme C3 formula the power of ultra-concentrated 20% vitamin C is amplified by astaxanthin, an antioxidant 6.000 times stronger than vitamin C, combined with:

- **3** next-generation super antioxidants;
- **3** advanced and stable forms of vitamin c;
- **3** intelligent delivery systems;
- **1** pro-collagen peptide;

An extraordinary regenerative synergy that ignites skin longevity.

The New Era of Vitamin C Rewriting the Future of the Skin

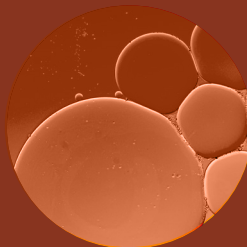

3 Next-Generation Super Antioxidants

FERULIC ACID ENCAPSULATED IN NANOVESICLES^{5,6}

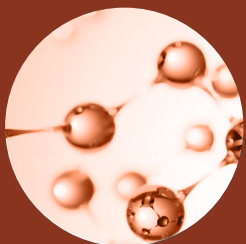

- A plant-derived ingredient with **powerful antioxidant properties**.
- Targets accelerated skin aging: wrinkles, sagging skin and dark spots.
- **Stabilizes Vitamins C and E, doubling their photoprotective effect.**
- In our products, an advanced encapsulation technology using **Nanovesicles** increases its **bioavailability** and allows targeted delivery into the deeper layers of the epidermis for a prolonged, more intense and precise effect.

ASTAXANTHIN^{10,11}

- Considered the “**king of carotenoids**,” it is one of the most effective antioxidants found in nature.
- **6.000 times more potent than Vitamin C** and 550 times more potent than Vitamin E.
- In our products, it is obtained from the microalga *Haematococcus pluvialis* through a **sustainable biotechnological process** with low environmental impact.
- It is combined with **cranberry seed oil**, sourced from upcycling, rich in polyphenols and Omega 3, 6 and 9 fatty acids.

LIPOSOMAL GLUTATHIONE^{7,8,9}

- A tripeptide composed of the amino acids glutamine, cysteine and glycine.
- A naturally occurring antioxidant in the skin; it neutralizes free radicals and protects the skin from oxidative damage.
- Supports the action of Vitamins C and E.
- Also possesses **brightening and skin tone-evening properties**.
- In our products, Glutathione is **encapsulated in 100% natural liposomes**, free from organic solvents, obtained through an innovative production technique.

3 Intelligent Delivery Technologies

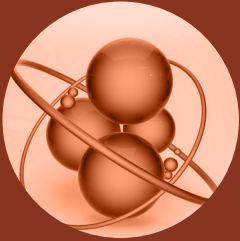

Nanovesicles, ‘Release on Demand’ Microcapsules and Liposomes maximize the effectiveness of active ingredients by delivering them in a **targeted, controlled and prolonged manner**. These innovative carriers protect the encapsulated functional active ingredients from degradation and oxidation, increase their bioavailability and optimize their absorption and skin tolerance. the result is a **more effective, stable and long-lasting treatment**.

BIBLIOGRAPHY: consult page 19

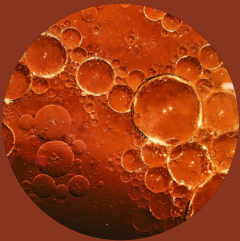

3 Advanced Forms of Vitamin C

PURE L-ASCORBIC ACID ENCAPSULATED IN NANOVESICLES^{13,14}

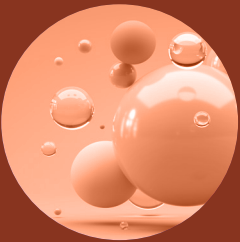

- The biologically active form of Vitamin C with extraordinary **antioxidant efficacy**.
- A true brightness booster, helping to even out skin tone reducing the look of hyperchromia.
- **Stimulates collagen synthesis**, visibly improving skin elasticity and firmness.
- In our products, it is delivered in **deep-release Nanovesicles** that stabilize it and intelligently release it exactly where needed.

3-O-ETHYL ASCORBIC ACID – STABLE AND VEGAN

- One of the most advanced and **high-performing Vitamin C derivatives, exceptionally stable and highly bioavailable**.
- Enzymatically **converted into pure Vitamin C within the skin**.
- Provides potent antioxidant, **brightening and pro-collagen effects**.
- Protects the skin from the harmful effects of **blue light and UV rays**.
- It is **well tolerated** and suitable for all skin types.

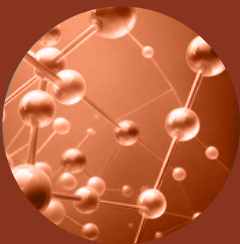

ASCORBIL TETRAISOPALMITATE ENCAPSULATED IN MICROCAPSULES

- A liposoluble **derivative of Vitamin C** with high efficacy.
- In our products, it is delivered **in cellulose 'Release on Demand' microcapsules**, which protect the active ingredient, preventing oxidation and degradation over time.
- The sophisticated **encapsulation technology** ensures release of the active ingredient only upon mechanical application, guaranteeing **targeted delivery, prolonged release and continuous efficacy**.

1 Pro-Collagen Peptide

ENCAPSULATED IN LIPOSOMES

- An innovative bioactive hexapeptide featuring the characteristic **sequence of Type I collagen**.
- Mimics the structure of damaged native collagen fragments in the skin, **activating natural skin regeneration processes**.
- Acts as a **signaling molecule**, stimulating the synthesis of new collagen and hyaluronic acid.
- Increases **skin elasticity, firmness and density**, visibly reducing sagging.
- **Liposomal encapsulation** enhances its biocompatibility, stability and delivery to the deeper layers of the skin.

Professional Products

RADIANCE & FILLER ULTRA CONCENTRATED SERUM

20% VITAMIN C - SUPEROXIDE DISMUTASE - THIOCTIC ACID

5 X 5 ml / 5 X 0.1 fl.oz. US

Intensive treatment that reduces the appearance of wrinkles and signs of accelerated aging. It protects the skin from visible damage caused by the exposome and epigenetic stressors. Deeply replumps the skin, restoring firmness and smoothness. Evens out the complexion and enhances radiance, for an extraordinarily glowing skin. lightweight texture with a silky touch.

ALGITECH PEEL-OFF MASK

GLUCONOLACTONE - DIATOMACEOUS EARTH - ALGINATE

5 X 25 g / 5 X 0.8 oz.

Intensive toning action for a firmer, smoother and more even-looking skin from the very first application. **A regenerating ritual** that leverages the smoothing power of gluconolactone and the remodeling strength of marine alginates to restore elasticity and firmness to the skin.

RESTORE & GLOW CREAM

VITAMIN C - GLUTATHIONE - THIOCTIC ACID

5 X 10 ml / 5 X 0.3 fl.oz. US

Pure, encapsulated Vitamin C, highly bioavailable, combined with Liposomal Glutathione and high-concentration Thioctic Acid, **protects the skin and reduces the visible signs of accelerated aging caused by the exposome and epigenetic stressors**, ensuring a deep replumping effect.

The Professional Treatment

An intensive professional facial treatment targeting the signs of accelerated aging. It protects, regenerates, illuminates and deeply restructures the skin, restoring a youthful, firm and exceptionally radiant appearance.

The Bioline Jatò® System Method

An exclusive and certified¹ working method. a sequence of techniques that, when integrated into every professional treatment, ensures optimal performance and long-lasting results.

The method is based on the perfect synergy between high-performance products, application protocols and exclusive massage techniques.

It consists of three steps, specifically designed to prepare the client for relaxation, improve microcirculation and promote skin regeneration.

BIOLINE JATÒ® SYSTEM

CLEANSING

Surface and Deep Cleaning

Remove makeup, cleanse and tone the face, neck and décolleté using the following products:

- **Gentle Biphasic Eye Makeup Remover**
- **Cleansing Milk-Cream** and **Refreshing Lotion** most suitable for the skin type.

Exfoliate the skin by choosing one of the following:

- **Exfo Exfoliating Mask**, Apply 10-20 ml of product with a brush. Leave on for 4-8 minutes. Rinse with lukewarm water.
- **Exfo Volcanic Scrub**, Apply 5-10 ml and gently massage. Rinse thoroughly with lukewarm water.

1. BIOLINE JATÒ® SYSTEM is guaranteed by ISO 9001:2015 IGQ IQNET quality certification.

BIOLINE JATÒ® SYSTEM - STEP 1

Preparing for the Treatment

Proceed with the FBE Relaxing and Draining Touch techniques using the **Bioaromas Relaxing EQL Oil** and **Energy DRN Oil**.

BIOLINE JATÒ® SYSTEM - STEP 2

Specific Treatment for Face, Neck and Décolleté

- Apply the contents of one vial (5 ml) of **Radiance & Filler Ultra-Concentrated Serum** to the face, neck, and décolleté. Massage with energetic movements until fully absorbed.
- Pour the contents of one sachet (25 g) of **Algitech Peel-Off Mask** into a bowl and mix with 50 ml of Energy Refreshing Lotion and 50 ml of water.

- Mix vigorously with a spatula until a smooth, lump-free compound is obtained.
- After placing two cotton pads over the eyes, quickly spread the mask evenly over the face and neck.
- Leave on for 15-20 minutes.
- Remove the mask by gently lifting the edges and peeling it off downward with your hands. Remove any product residues with a cotton pad soaked in the **Refreshing Lotion** most suitable for the skin type.

- Tone the face with the **Refreshing Lotion** most suitable for the skin type.
- Apply the contents of one sachet (10 ml) of **Restore & Glow Cream** to the face, neck and décolleté, and perform the movements specified in the targeted massage protocol.

BIOLINE JATÒ® SYSTEM - STEP 3

Enhances and prolongs the treatment results.

Perform the **Face Beauty Experience - Firming Touch**.

Recommended Massage Face Roll Sculpt

A massage with a
draining and toning action

The face roll sculpt is a highly effective facial massage designed to oxygenate the tissues and promote deep drainage. Through sequential stimulations performed with the fingertips, it reactivates microcirculation and encourages fluid drainage. Targeted maneuvers work deeply on the facial muscles, sculpting and redefining the contours of the face.

The result is firmer, more toned and radiant skin. Relaxing yet highly functional, it gives the complexion an oxygenated and vital appearance. Facial features appear relaxed and balanced from the very first session, with a visible and natural lifting effect.

The Importance of a Personalized Routine

Not all skin ages in the same way, or under the same conditions. A customized routine, combining different products according to individual needs, is essential to prevent the signs of aging, reduce their impact and preserve long-term skin health.

1.

**GLOW & RENEW
EYE/LIP CREAM**

**USE MORNING AND EVENING
ALL YEAR ROUND**

2.

**GLOW & FILLER
SERUM**

**USE MORNING AND EVENING
ALL YEAR ROUND**

**RADIANCE & FILLER
ULTRA-CONCENTRATED SERUM**

USE MORNING AND EVENING

- A VITAMIN C BOOST FOR EVEN MORE RADIANT SKIN
- EVERY MONTH, FOR 5 TO 10 DAYS, ALL YEAR ROUND

3.

**RADIANCE
CREAM**

**USE MORNING AND/OR EVENING
ALL YEAR ROUND**

**RESTRUCTURING
CREAM**

**USE MORNING AND/OR EVENING
ALL YEAR ROUND**

During the day, always use SPF 30 or 50+.

Homecare Products

GLOW & RENEW EYE/LIP CREAM

GREAT YELLOW GENTIAN - VITAMIN C+E - A.G.E. DIPEPTIDE
30 ml / 1.0 fl.oz US

Innovative formula with a high concentration of Great Yellow Gentian, Vitamins C and E and A.G.E. Dipeptide. **It reduces the appearance of wrinkles, puffiness, dark circles and visible signs caused by the exposome and epigenetic stressors**, restoring the skin's firmness. The lightweight texture absorbs quickly, providing an instant comforting sensation and a more defined, radiant eye and lip contour. Fragrance-free.

GLOW & FILLER SERUM

20% VITAMIN C - FERULIC ACID - GLUTATHIONE
30 ml / 1.0 fl.oz US

Next-generation precious serum that **replumps the skin and reduces the visible signs of accelerated aging caused by the exposome and epigenetic stressors**. It gives the skin a younger, extraordinarily smooth and silky appearance, **enhancing radiance and an even complexion**. Rich, melting texture. Ultra-concentrated 20% Vitamin C, in a bioavailable form, boosted with encapsulated ferulic acid and liposomal glutathione.

RADIANCE & FILLER ULTRA CONCENTRATED SERUM

20% VITAMIN C - SUPEROXIDE DISMUTASE - THIOCTIC ACID
5 x 5 ml / 5 x 0.1 fl.oz. US

Intensive treatment that reduces the appearance of wrinkles and signs of accelerated aging. It protects the skin from visible damage caused by the exposome and epigenetic stressors. Deeply replumps the skin, restoring firmness and smoothness. Evens out the complexion and enhances radiance, for an extraordinarily glowing skin. Lightweight texture with a silky touch. Ultra-concentrated serum with 20% Vitamin C, Superoxide Dismutase and Thioctic Acid

Warnings

These are cosmetic products for professional use and it is therefore important to strictly follow the instructions shown here. The esthetician is required to inform the consumer about the message contained in the precautions and warnings. Before you use the products, it is recommended to check the list of ingredients to be sure you are not allergic or intolerant to any of them. People who are especially sensitive are recommended to carry out the tolerance test, which consists of applying the product on their forearm and covering it with a plaster for 24 hours. Pay attention when carrying out the treatment on pregnant women. After applying the product, be sure to properly close the packaging and store at room temperature in a dry place and away from sunlight and heat sources. Avoid mixing with different substances not required by the specific instructions. External use. Avoid contact with eyes, mucous membranes and broken or irritated skin or skin affected by medical conditions. In case of contact with eyes, rinse with plenty of running water. Not hazardous under normal conditions of use. Do not swallow. Keep out of reach of children.

THE NATURALNESS OF THE FORMULAS MAY CAUSE SLIGHT CHANGES IN COLOR , ODOR AND/OR VISCOSITY THAT DO NOT AFFECT THE PRODUCT'S AESTHETIC FUNCTIONALITY IN ANY WAY.

This manual is for professional exclusive use and it is not to be disclosed.
